

To Whom It May Concern:

I am an avid XM Satellite Radio listener. I can receive traffic and weather updates when I need them. I can listen to comedy, news and sports as well as different music genres WITHOUT annoying commercial breaks. Since I choose to pay for this service, it should not be censored or regulated in any way, just like cable TV. I respectfully urge the FCC to reject the NAB's petition 04-160.

Thank you,
